

## High School Girl Dies of Pneumonia

Miss Isla B. Rowley, one of the members of the North Platte high school, died yesterday morning at 8 o'clock at the home of her grandmother, Mrs. J. J. Meyers, on East Sixth street. Death was due to pneumonia and the young lady had been ill only since last Wednesday and her demise was a shock to her relatives and many friends.

Miss Rowley was born March 29th, 1897 in this county. She is the older of the two daughters of Mr. and Mrs. T. G. Rowley residing about six miles south of the city. She has been attending school in this city for the past four years and has made her home with her grandmother. She was a member of the Junior class in high school and was quite a favorite, both with her teachers and class mates. Her parents have been residents of this county for about forty years and are well known to many. She leaves to mourn her death her father and mother, three brothers and one sister, all of whom live in the country, and a host of friends both in the country and in this city.

The funeral will be held tomorrow afternoon from the Methodist church, Rev. B. A. Cram officiating. Interment will be made in the North Platte cemetery.

Why not be up to date and have the same lighting convenience as your city brother.

A small isolated light plant run by your gasoline engine is what you need. The electric light is as far ahead of the ordinary oil lamp as the oil lamp was ahead of the pine knot. When in town, call and let us explain this system.

## Austin to Organize Light Artillery.

George A. Austin, the unscarred hero of several wars, has decided to organize a company of light artillery for service in Mexico should war be formally declared. In line with his customary generosity and well established degree of patriotism, Mr. Austin will equip the company at his own expense, and to avoid possible friction and at the same time be certain to secure a brave, experienced and generous commanding officer, he will appoint himself Captain. He will probably select Bruno Artz as first lieutenant and Joe Fillion second lieutenant, the selection of these two being due to their long years of campaigning for the Apaches in Arizona and the Sioux in Montana. Applications for enlisting are coming in so rapidly that it is probable that the full complement of 220 men will have been reached by the end of the week.

Perhaps the most onerous task Captain Austin has to deal with is the selection of the "Daughter of the Company," the purpose being to have a beautiful young lady accompany the company. There have been so many possible Joans of Arc who have applied, and all are so comely and so brave, that it is causing him much perplexity. It is probable that he will delegate Jim Keefe, Cash Austin and Platt White as a committee to make the selections.

All honor to Captain Austin and his brave defenders of the nation's good name—we are justly proud of you.

## THOS. A. EDISON'S GENUINE TALKING PICTURES TRUE TO LIFE IN VOICE AND ACTION

The long heralded Talking Pictures or Kinetophone, the invention of Thomas A. Edison, will have its first local presentation at the Keith Theatre, May 4th and 5th.

Those who have seen these pictures tell it all in one word, "Great!" The audience sits in absolute silence as the pictures are flashed upon the screen and the voice of each character is heard with as much clearness as if the players on the screen were actually talking. The smoothness which marks the work of the Kinetophone is a source of amazement to everybody. Most of us have heard that the latest thing that Edison, the wizard, had to offer for public entertainment is the Kinetophone, but such clear enunciation as it emits was never expected.
